

# OSKAR MOBILE FILTER UNITS

# PORTABLE AIR CLEANERS

Oskar portable filtering unit ROLL-OUT is designed to exhaust and filter dry air impurities. A highly efficient filtering cartridge makes it possible to use ROLL-OUT for such processes as welding, grinding, polishing or cutting. Cartridge is placed on the roll-out drawer which makes maintenance simple and easy. ROLL-OUT features also built-in filter cartridge annual pulse cleaning and spark trap. Oskar self-supporting arm model 1620P and 1630P are used with this unit as a standard equipment.

Roll-out	
Length	887 mm
Width	742 mm
Height	1400 mm
Inlet	1 x 160 mm
Waste drawer	10 dm <sup>3</sup>
Total max. mass	145 kg
Airflow	1000 m <sup>3</sup> /h
Noise	75 dB(A)
Motor	3x380V / 50Hz / 1,1 kW

Oskar's GIANT Portable air cleaner is designed for hard to ventilate applications like plasma cutting, production welding and heavy dusts. Big brother, to already hugely successful Oskar ROLL-OUT, incorporates 2 cartridges on a rollout tray and cartridge pulse cleaning system. GIANT is mounted on large rear wheels and swivel casters. It comes with blank offs which can be removed in favor of either two 160mm Oskar fume arms or one 200mm Oskar arms.

Giant	
Length	1210 mm
Width	940 mm
Height	1282 mm
Inlets	2 x 160 mm or 1 x 200 mm
Waste drawer	30 dm <sup>3</sup>
Total max. mass	195 kg
Airflow	2000 m <sup>3</sup> /h
Noise	85 dB(A)
Motor	3x380V / 50Hz / 2,2 kW
